

KANSAS CITY Super Doctors® 2011

Top Kansas City Physicians

Have you ever wondered—who is the “doctor’s doctor” or the “dentist’s dentist”? Wouldn’t it be nice to know which physicians and dentists are trusted, respected and sought out by colleagues for medical care? Although being a savvy health care consumer and researcher is a smart idea, the pursuit of such information can prove a daunting task; so Key Professional Media, Inc., a leading researcher and publisher of *Super Doctors* and *Super Dentists*, did the work for you.

More than 3,000 doctors and 1,000 dentists were asked to nominate one or more colleagues (excluding themselves) they would choose in seeking personal professional care. After receiving the nominations, the *Super Doctors* and *Super Dentists* research team investigated further in search of exceptional professionals to complement the results. Candidates were evaluated on the indicators of peer recognition, achievement, license status, and disciplinary history.

Doctors were grouped into thirty-three specialties, and dentists into eight categories. Professionals with the highest scores from each grouping were invited to serve on a blue ribbon panel and asked to review and score a list of candidates in their specialty. Finally, doctors and dentists that acquired the highest total points from surveys, research and blue ribbon panel review were selected for inclusion in *Kansas City Super Doctors* and *Super Dentists* 2011.

Of course, no list is perfect. Many qualified doctors and dentists that are providing excellent care to their patients are not included on this year’s *Super Doctors* or *Super Dentists* list. However, if you’re looking for exceptional healthcare providers who have earned the confidence and high regard of their peers—you can start your search here.
